Thank You for supporting small business and helping us to cover our overhead costs during this mandatory closure.

Salon Re-Opening Procedure

Dr. Henry has recently given the order that all personal services businesses are to remain closed until May 31st (subject to change).

When we receive word that we are able to re-open, **priority will be given to those who already had appointments booked** at the time we were ordered to close. These clients who had already reserved appointment times will receive a telephone call from us to book their hair services before we send out a newsletter opening up our booking system. If you did not previously have an appointment with us and would like to get onto a waiting list, please **email us** and we will reach out in the order we receive requests.

We will also share any new salon protocols that may be introduced by the health authorities that may affect "normal" operations to ensure the safety of our clients and team. In anticipation, we have already ordered an abundant supply of disposable aprons, capes, masks, gloves, eye protection (for our

stylists) and our disinfectant cleaning products! I bet you can not wait to see how fashionable we are going to look in all this PPE (we draw the line at face shields and hazmat suits, even if they are all the rage this season)

We miss you and look forward to seeing you again soon!

Product Deliveries

We now have **Ref Root Touch Up Spray** available in dark blonde, light brown, dark brown and black.

Tara and Savannah are able to do product deliveries. If you are running low on hair products or need a new hot tool/ hair brush/pony tail holders or hair accessories, please **email us** to make an e-purchase and delivery arrangements.

Your Salon is Beauty Safe!

We have always been dedicated to abiding by the sanitation guidelines taught to us in beauty school and enforced by Vancouver Coastal Health. As our commitment to you, we have been participating in continued learning and have completed various certifications to ensure our salon is upholding the strictest sanitation protocols.

We have recently completed (a few of our certificates posted on the left):

BeautySafe Certification (Level 1 General Trade Practices and Level 2 Hairstyling)- BeautySafe is a certification program promoting protocols of infection control, safe cleaning, sterilization and chemical practices.

Barbicide Certification- we use Barbicide to sanitize our tools, brushes and combs.

PreEmpt Education- **PreEmpt**

is a safe, non toxic and eco friendly disinfectant formulated using Accelerated Hydrogen Peroxide. We use PreEmpt to disinfect surfaces such as our chairs, stations and shampoo basins.

Another product we use to disinfect our clippers and scissors is Wahl Disinfectant Spray- a high quality hard surface disinfectant, developed from the best new technology to stop and kill microbial growth. It eliminates infectious micro-organisms such as: Bactericidal, Fungicidal, Virucidal, Tuberculocidal.

Rest assured, your salon is Beauty Safe!

NEWS AND EVENTS

Sneak peak at next months hottest hair trend

Don't forget about our Quarantine hair Contest!

Show us your roots!
Post a picture of your roots and tag @joyhairstudio on instagram or facebook

We are watching and you will be entered to WIN a \$100 Gift Certificate towards your next hair colour appointment!
